ABOUT IMIBALA AND THE HOSPITALITY PROGRAMME

Imibala is a non-profit organisation based in Somerset West that runs skills development programmes for young people who face barriers to employment. The Imibala Cafe is a live hospitality training space where our trainees learn front-of-house and kitchen skills under professional mentorship, gaining the experience they need to build careers in the hospitality industry. Every meal you buy at the festival directly supports a young person's training journey. If you would like to donate to the programme or find out more about how you can get involved, please speak to us at the cafe or visit www.imibala.com.
